

ABOUT THE STATE

Happenings of Interest from Different Sections.

Over 100 automobiles were stopped by officers in St. Albans Saturday night because no tail lights were burning on the cars.

A barn belonging to the Harriet Streater farm, near Castleton, was burned to the ground Tuesday evening. A large amount of old hay stored in the building was destroyed.

A strike of iron moulders at the Howe Scale works in Rutland threatens to tie up the whole plant. The cause of the trouble is the unwillingness of the company to recognize the iron moulders' union.

Lightning struck around considerably in Bridport July 14, the Congregational church having been struck and considerable damage done, a horse belonging to John Girard having been killed and also a valuable cow belonging to Edward Goodspeed.

During the heavy shower in Middlebury Monday afternoon, the underpass on Seymour street was filled to a depth of three feet, and a man with a Ford car, who attempted to go through there had to have the machine pulled out, as the water was over the carburetor and the engine stalled. Showers within the past week have caused the destruction of hundreds of dollars' worth of merchandise in the cellars of merchants in Windsor.

Howard Vincent, 15, of Salisbury, has admitted placing ties on the railroad track near Proctor last week just before the arrival of a passenger train, but Charles Vincent, 12, of Proctor, a cousin whom the older boy was visiting for the day, pleaded not guilty at a hearing held Wednesday. Their cases were continued until Saturday. The older boy said they only put the ties on the track so that they could see the engine push them off.

Carl Howard, 13-year-old son of Mr. and Mrs. C. A. Howard of Rutland, is at the hospital badly battered up and bruised as a result of being hit by a dynamite cap with a chisel. Holes were torn in the floor of the shed where the Howard boy and others were playing. 12 holes were made in a galvanized iron wall which stood nearby, an Carl was injured in the body, arms and legs. The most serious injury was to his left hand, which was so badly shattered that he will probably lose some of his fingers.

The plan of having in Brattleboro a memorial armory and community house in memory of the local soldiers in the World war was unanimously endorsed at a meeting Tuesday evening. This building would be erected on the Goodhue lot, valued at \$15,000, which was given the town by G. L. Dunham for that purpose. The state armory appropriation is \$50,000, the balance in the war chest treasury, \$15,000, would also be used for the building and it was suggested that the remainder be raised by a town appropriation not exceeding \$40,000, to be raised through an issue of town bonds.

PRISONER ESCAPED.

Notorious Criminal Being Brought from Atlanta, Ga., to Vergennes.

Frank Poirier, a notorious criminal who had been serving time at the federal prison at Atlanta, Ga., and who was arrested by Vermont officers as soon as his prison sentence was completed a few days ago, escaped from the custody of Sheriff G. S. Farr of Bristol and Deputy Sheriff Granby of Vergennes at the station in North Bennington at 1:17 o'clock Wednesday morning. Farr was taking a nap and Granby was supposed to be guarding the prisoner. A number of passengers left the train at North Bennington and Poirier walked off with the rest and was not noticed. When he was missed active measures were taken to apprehend him, but at last reports he had not been seen.

Poirier was being brought to Vergennes to answer to the charge of robbing a jewelry store in that place, and had just completed serving a sentence for breaking into a United States postoffice in New Hampshire.

In 1908 Poirier did time for robbing freight cars in Essex Junction. After completing his sentence he was involved in a wholesale robbery of freight cars in the Burlington yards and was again sentenced to prison. Then he went into New York state and the next heard from him he was in Dannemora prison. Still later he broke into several stations on the Rutland railroad and did time for this, which was followed by the episode of his breaking into the New Hampshire postoffice.

Poirier is a man about five feet and nine inches tall, weighs from 150 to 160 pounds, and is dark complexioned. When last seen he was wearing the regulation suit issued to all prisoners discharged from the government prison, a dark brown suit. A noticeable fact about Poirier is that he is an habitual cigarette smoker, and is said to be a "great talker."

NEW SUMMER HOTEL.

Large One to Be Built Next Spring at Malletts Bay.

Burlington, July 22.—A summer hotel, 200 feet long with wings of 150 feet, containing 100 sleeping rooms and 50 baths, is to be built next spring on Malletts Bay, according to the plans of T. R. Brown, owner of the old Wakefield marble mill property at Mallett Head. Mr. Brown has prepared plans and specifications for the remodeling of the old mill into a modern summer hotel. It will overlook Malletts Bay at one of the most beautiful points on that part of the lake.

Mr. Brown has already started a large force of men at work on the erection of several small bungalows which will form the nucleus of a summer colony. He hopes to have accommodations for 60 people by the end of the season. He is planning also a nine-hole golf course, which will be one of the sporting features of the place. There will also be tennis courts and other recreational facilities on the 100 acres of land connected with the property, which has a shore frontage of approximately three and one-half miles.

LYNDONVILLE BREAKS.

Three Places Broken Into Tuesday Night, Little Stolen.

Lyndonville, July 22.—This place had three breaks Tuesday night, one at the railroad freight office, where a small sum of money was taken. Another was at the store of Campbell & Biddett, where about \$50 was stolen from the cash drawer and a silk umbrella was stolen. The third break was at the Edmunds pharmacy, where the small change was taken from the cash drawer.

Tuesday morning the railroad station at Lyndonville was broken into but only 10 cents was taken.

Announcement of Fourth 1921 Educational Buttrick Scoring.

The fourth monthly educational buttrick scoring of this year will be held Thursday, July 28, at Shelburne Cooperative creamery, Shelburne. All entries should be sent by prepaid parcel post or express so as to arrive at Shelburne July 26. This will give time for all samples to be thoroughly chilled before the scoring. Samples that arrive late so that they enter the scoring while warm and soft are at a disadvantage and usually do not score so high as they would if cold and firm.

Address all entries to the Shelburne Cooperative creamery, Shelburne.

The buttrick will be scored at 10 a. m., July 28, and will be on display for examination and discussion at 2 p. m. All interested parties are welcome to attend these scorings.

ASPIRIN

Name "Bayer" on Genuine

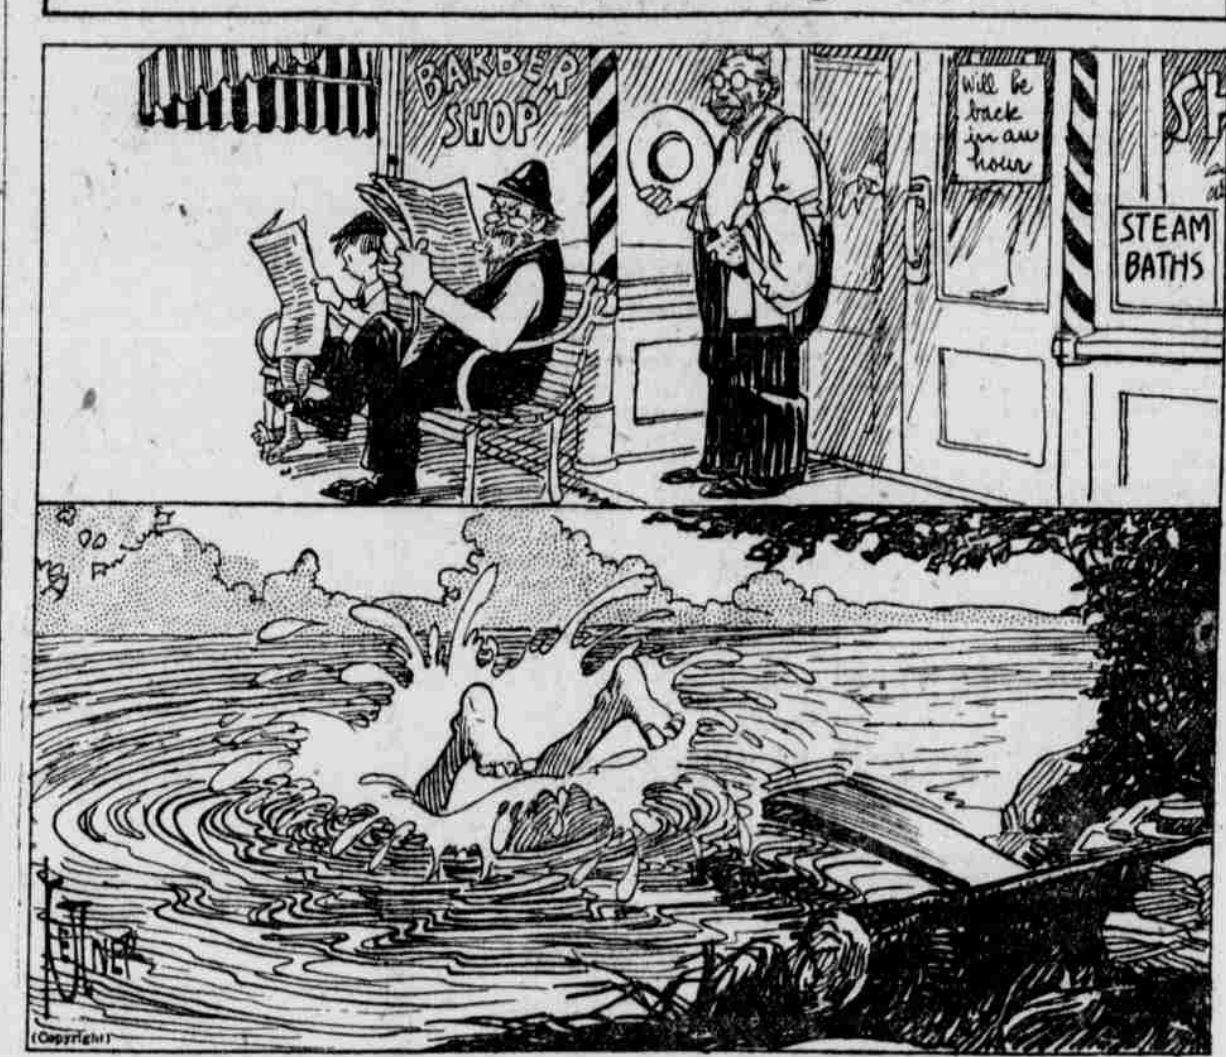

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacturing of Monacoeacidester of Salicylicacid.
